

Women's Small Biz Network

Empowering Women to Live Their Dreams in Business and Life

Women's Small Biz Network Member Challenge Level 1 Objectives

Member Challenge Level 1

To support you in growing your business and learning to market yourself on-line, we have put together a series of membership challenges. As you accomplish the list of objectives in each challenge, you will move to the next level of training and mastery.

Some objectives may be very easy; some you may find more challenging. Notice where you get stopped, procrastinate, or feel resistance—there is gold here (sometimes quite literally) because watching yourself as you go through the challenge will yield clues to where you get stopped or challenged elsewhere in your business.

Our challenges are meant to be both fun and a stretch for you, while also providing motivation, incentives and rewards so you can learn and grow personally and professionally while moving through the different levels.

When you accept the invitation to participate in the Member Challenge – Level 1 Group you will demonstrate your commitment to building your business and creating the life of your dreams. When all the objectives are successfully completed, not only will you be invited to join the next Level, you will receive special gifts and bonuses to reward you for your accomplishments!

Report Your Points Every Friday for a

(Watch your e-mail, Facebook or Twitter for more details)

(3 Point) You have a Profile Picture.

You are not only marketing your product/service, you are marketing yourself. They say a picture is worth a thousand words. You become a “real person” when people can see your photo and know who you are. (See [How the Site Works Forum](#) to learn how to post your picture, or check out our [PowerTip #2 Video](#)).

(1 Point) – (Optional)
You have listed your Business with Your Name

One of the purposes of this site is to help you promote your business. You will notice that when you move your mouse over a photo in the member area on the front page, your name displays. Also, when you go to the member area it displays your name and your location. When you add your business name after your name (for example, “Karen Sherwood – Women’s Small Biz Network”), your business name displays, too. This helps others associate you with your business. ([SEE How the Site Works Forum to learn how](#))
(NOTE: You are limited to the number of characters you can enter – so you may not be able to fit your entire business name)

First impressions are important. Remember, promoting your business is one of the key purposes of this Network. What do you want people to see when they view your profile? By default, the “Latest Activity” is at the top. While it may be interesting for people to see what you are doing on the Network, it doesn’t really help people understand what you do. I recommend that you move your “Latest Activity” to the bottom of your page. Notice that you have the option to “Add a Text Box.” Use the Text Box to create an ad for your business, and move it to the top of your profile. Pretend you have the opportunity to place a half-page ad in a popular magazine for free. Create that ad, then place it at the top of your profile.

If you have problems creating or designing an ad, ask for help. For some of you this will be really easy, while others may struggle. Consider that if you are struggling with this task, you may also be struggling in your business and in getting new clients. Awareness will help you move through it—or ask for the help you need and deserve so you can move through it more easily. [Click Here to Watch PowerTip #3 to Learn How!](#)

(3 Points – Receive 1 point per invitation AND 3 points when they JOIN!) You have invited at least 3 Women to the Network and they have joined.

You can invite as many women as you like. You score one point for each invitation you send out and three points for each woman who joins the Network from your invitation. Get familiar with using the Invite feature of the Network, or you can just give out the website address, <http://www.womenssmallbusinessnetwork.com/>. Our goal is to help as many women as possible be successful in their businesses and live a life of their dreams. There is power in numbers—learning how to invite others to participate in what you are up to is part of being successful in business. As the Network grows you have more potential support, joint venture partners, mastermind partners, colleagues, clients, and friends!

(2 Points – 1 Point Each) You have made at least 2 Comments on a Blog Post, Video, Event, or Profile.

It feels wonderful to get feedback, comments, and recognition for your work. Read posts and add comments to support other women on the Network!

Number of Comments _____

(5 Points - 1 Point Per Person) You Have Made Friends with at least 5 Women on the Network

You have the opportunity right now to PERSONALLY NETWORK with more than 650 WOMEN who own or want to own their own small business—and that number is growing every day. Networking is all about building relationship!

Build relationships and friendships with the women in the Network. Don't wait for them to come to you. When you click on the Members Tab, you instantly step into your own private networking event. Check out the Featured Members first. They are the movers and shakers that you will want to get to know. Browse through the Members and see who grabs your attention. Click on a profile and get to know them better. Ask yourself "How can I support her?"

Some suggestions: Send her a friend invitation. Be sure to add a personal message. Online networking can be just as powerful as in-person networking and you can often network quicker and more effectively. Build your personal network and make friends with at least five women on the Network. [Click Here to Watch PowerTip #4 to Learn How!](#)
